

SUMMERSOLSTICE 2014

International Conference On Discrete Models Of Complex Systems

22-25 June 2014, Institute Jozef Stefan, Ljubljana, Slovenia

Conference Subjects

- Discrete models in biology and medicine
- Discrete models of processes in economy and social systems on the Web
- Discrete models of man made complex systems from nanotechnology to information networks
- Tools of analysis and simulations for discrete complex systems and multiscale phenomena

Speakers

Anna Carbone, La Sapienza & Politecnico di Torino, Italy

Monica G. Cojocaru[☆], University of Guelph, Canada

Alvaro Corral, CRM, University of Barcelona, Spain

Andrea Guazzini, University of Florence, Italy

Sebastien Heymann[☆], UPMC - Paris 6, France
